

- ◆ Always think before you click on links or images in an email, instant message, or on web sites. Be cautious when you receive an attachment from unknown sources. Even if you know and trust the sender or the website, it is still prudent to use caution when navigating pages and clicking on links or images.
- ◆ Do not reply to emails that ask you to "verify your information" or to "confirm your user-id and password."
- ◆ Be sure to read the privacy statement on websites you are visiting prior to providing any personal information, to understand that entity's policy regarding protection of data.
- ◆ Periodically check your Internet browser settings (e.g. Security and Privacy) to ensure that the settings are adequate for your level and type of Internet activity.
- ◆ Review credit card and bank account statements as soon as you receive them to check for unauthorized charges.
